<https://docs.oracle.com/en/cloud/saas/human-resources/faucf/using-common-features-for-hcm.pdf>

What follows is a summary of the full document.

Contents

1	HCM Common Features Overview	4
2	Date Effectivity	4
3	Responsive User Experience Setup	4
4	Oracle Search Cloud Service Setup	4
5	Filtered Lists.....	5
6	Geographies for HCM	5
7	Currencies and Currency Rates	5
8	Enterprise Structures	5
9	Legal Entities, Business Units, and Reference Data Sets	6
10	Enterprise Structures Configurator (ESC).....	6
11	Divisions, Departments, Worker Unions, Locations, and Trees	6
12	Jobs and Positions	7
13	Grades, Grade Rates, and Grade Ladders	8
14	Workforce Structures - Configuration Options	8
15	Workforce Profiles	8
16	Workflow Notifications and Approvals.....	8
17	HCM Nudges.....	9
18	Application Toolkit Configuration.....	10
19	Help Configuration	10
20	Common Reference Objects.....	10
21	Enterprise Scheduler Job Definitions and Job Sets	10
22	Audit Policies.....	11
23	Applications Core Configuration.....	11
24	Trees Setup.....	11
25	HCM Flexfields Setup	11
26	HCM Flexfields Maintenance	12
27	Oracle Fusion Applications Mobile App	12
28	Alerts Composer	12

29	HCM Events	12
30	HR Help Desk Classic Configuration	13
31	Eligibility Profiles	13
32	Predictive Models for HCM	13
33	Process Configuration	13
34	Country Extensions and Address Rules	13
35	Elements, Balances, and Formulas Task List	14
36	Organization Payment Methods	14
37	Payroll Definitions	14
38	Payroll Elements	14
39	Fast Formulas	15
40	Rate Definitions	15
41	Values Defined by Criteria	15
42	Base Pay	15
43	Individual Compensation Plans	16
44	Personal Contributions	16
45	Compensation History	16
46	Other Setup and Maintenance Tasks	17
47	Moving Common Reference Objects	17

1 HCM Common Features Overview

Overview of Using HCM Common Features
Diagnose and Synchronize Application Data

2 Date Effectivity

Date Effectivity
Examples of Correcting Date-Effective Objects
Examples of Updating Date-Effective Objects
Examples of Effective Sequencing
How You Delete Physical Records from Date-Effective Objects
How You Make Multiple Updates to Date-Effective Objects in One Day
FAQs for Date Effectivity

3 Responsive User Experience Setup

HCM Experience Design Studio
Transaction Design Studio
Use Transaction Design Studio to Configure Field Displays
How You Configure Rules in the Transaction Design Studio
Create Rule to Configure Promote Action
Displayed, Conditionally Displayed, and Hidden Fields in Global Human Resources
How You Personalize the Save and Save and Close Actions in the Toolbar
Configuration Report
Guided Journeys in HCM Flows
Deep Links
Quick Actions
Search Logic Profile Options for Client List of Values in Global Human Resources
FAQs for Responsive User Experience Setup

4 Oracle Search Cloud Service Setup

Set Up Oracle Search for HCM
Oracle Fusion Cloud HCM
Using Common Features for HCM
Set Up Oracle Search for List of Values
Set Up Data Security for Oracle Search

Enable Global Search
Using Oracle Search Cloud Service Features

5 Filtered Lists

Overview of Filtered Lists
Enable Filtered Lists
Create Filtered Lists

6 Geographies for HCM

Overview of Geographies
What are the best practices for managing Geography mismatches?
Overview of Zone Types and Zones
Import Geographies and Zones
Set Up Geocoding
How You Set up Address Cleansing
FAQs for Loqate Support
FAQs for Define Geographies

7 Currencies and Currency Rates

Manage Currencies
FAQs for Manage Currencies
Manage Conversion Rate Types
FAQs for Manage Conversion Rate Types
Manage Daily Rates

8 Enterprise Structures

Overview of Enterprise Structures
Model Your Enterprise Management Structure
Guidelines for Configuring Global Enterprises
Design an Enterprise Configuration
Enterprise Information for Non-HCM Users

9 Legal Entities, Business Units, and Reference Data Sets

Overview of Legal Entities, Business Units, and Divisions

Oracle Fusion Cloud HCM

Using Common Features for HCM

Overview

Model Legal Entities

Overview of Legal Jurisdiction and Authorities

Jurisdictions

Legal Authorities

Create Legal Jurisdictions, Addresses and Authorities

Create Legal Entities, Registrations, and Reporting Units

Legislative Data Groups

How Legal Employers Work with Payroll Statutory Units and Tax Reporting Units

Examples of HCM Organization Models

Examples of Creating Calculation Cards for Deductions at Different Levels

Business Units

How Business Units Work with Reference Data Sets

Associate Business Unit with Legal Employer

FAQs for Legal Entities, Business Units, and Reference Data Set

10 Enterprise Structures Configurator (ESC)

How You Establish Enterprise Structures Using the Enterprise Structures Configurator Configuration Workbench

How You Create Legal Entities in the Enterprise Structures Configurator

Considerations for Creating Business Units in the Enterprise Structures Configurator

How You Create Reference Data Sets in the Enterprise Structures Configurator

How You Roll Back an Enterprise Structure Configuration

FAQs for Enterprise Structures Configurator

11 Divisions, Departments, Worker Unions, Locations, and Trees

Guidelines for Using Single or Multiple Classifications for an Organization

How You Configure Your Enterprise Structure After an Acquisition

Divisions

Example of Adding a New Division After Acquiring a Company

Departments

How You Create a Chart of Account to Create a Department

Cost Centers and Departments

Department Classifications

How You Configure the Department Title

Disability Organizations

Worker Union Management

Oracle Fusion Cloud HCM

Using Common Features for HCM

Collective Agreement Flexfields

Locations

Associate Legal Employers with Locations

HCM Trees

FAQs for Divisions, Departments, Worker Unions, Locations, and Trees

12 Jobs and Positions

Jobs

Examples of Jobs

Examples of Positions

Considerations for Using Jobs and Positions

Job and Position Structures

Workforce Structures Code Generation Methods

Evaluation Criteria for Jobs and Positions

How FTE is Calculated in Positions

Work Hours and Duration

Workday Information Defaults

How You Match Position Valid Grades with Job Grades

Position Synchronization

Set Up Position Synchronization

How Assignment Values Are Inherited from Position

HCM Position Hierarchy

Graphical Position Hierarchy

How You Create a Graphical Position Hierarchy

Considerations for Using Position or Position Hierarchy for Synchronizing Assignment Manager

Synchronize Assignment Action Reason From Position

Example of Action Reason Synchronization in Assignments

Synchronize Assignment Flexfields From Position Flexfields

Considerations for Flexfield Mapping in Position Synchronization

Synchronize Person Assignment from Position Process
Create a Position Profile
Associate Action Reasons in Position with Role
Upload Workforce Structures Using a Spreadsheet
FAQs for Jobs and Positions

13 Grades, Grade Rates, and Grade Ladders

Grades, Grade Rates, and Grade Ladders
Oracle Fusion Cloud HCM
Using Common Features for HCM

14 Workforce Structures - Configuration Options

Workforce Structures Enterprise-Level Configuration
Workforce Structures Profile Options
Workforce Structures Lookups
Workforce Structures Flexfields
Parameters for Work Structure Extensible and Descriptive Flexfields

15 Workforce Profiles

Overview of Profile Management
Enhanced Talent Profiles
Oracle Fusion Profile Management Components: How They Work Together
Rating Models
Content Types and Content Items
Talent Profiles
Content Sections
Lookups
Writing Assistant
Questionnaires
Anytime Feedback
FAQs for Workforce Profiles

16 Workflow Notifications and Approvals

Overview of Notifications and Approvals

Roles That Give Workflow Administrators Access
Search for Workflow Tasks to Configure
Disable or Enable Workflow Notifications
Synchronize Notifications in the Global Header and Home Page with Workflow Tasks
How You Define Approvals for Human Capital Management
How You Manage HCM Approval Transactions
How You Simulate Approval Rules
Simulate Approval Rules
Export and Import Rules Using SOA Composer
Run Diagnostics Test for a Failed Transaction
Resubmitting Approval Transactions
Archiving Completed Approval Transactions
Assignments and Routing
Define the Due Date and Expiration Policies for Workflow Tasks
Oracle Fusion Cloud HCM
Using Common Features for HCM
Predefined Approval Rules for Oracle Fusion Global Human Resources Tasks
Approval Management Configuration Options for Oracle Fusion Human Capital Management
Guidelines for Managing Approval Rules
Approver Types
HCM Approval Rules
Configure HCM Approval Rules Using Advanced Mode
Edit an Approval Rule to Include a Null Condition
Management Hierarchy Approval-Rule Attributes
Position Hierarchy Approval-Rule Attributes
How You Define an HCM Approval Policy
Delegate Approvals
How You Modify Approval Notifications Using Page Composer
Example of Modifying an Approval Notification Using Page Composer
FAQs for Approvals
Workflow Notifications Setup
Configurable Workflow Notifications
Workflow Task Life Cycle Setup
Monitor and Troubleshoot

17 HCM Nudges

Overview of Nudges
Configure Nudges
How You Use Nudges in Touchpoints
How You Use Nudges to Assign Journeys for Employment Events

How You Use Nudges to Send Journey Reminders

Example of Configuring a Nudge to Send Journey Reminders

18 Application Toolkit Configuration

Set Watchlist Options

19 Help Configuration

Set Up Help

Hide or Show Help Icons

Give People Access to Create and Edit Help

Create Groups to Limit Access to Added Help

Oracle Fusion Cloud HCM

Using Common Features for HCM

20 Common Reference Objects

Why can't I edit setup data?

Set General Preferences for All Users

Set Value Formats for Regional Preferences for All Users

Set a Banner Message in the Global Header

How can I determine which languages appear in the Translation Editor?

How do I define whether the user image, name, or initials display in the global header?

Set CSV as the Default Option for Exporting Table Data

Define Application Taxonomy

Define Reference Data Sharing

Define ISO Reference Data

FAQs for Define ISO Reference Data

Search Extension Framework

Define Global Search

21 Enterprise Scheduler Job Definitions and Job Sets

Overview of Managing Job Definitions and Job Sets

Manage List of Values Sources

Manage Job Definitions

Manage Job Sets

Assign Roles for Access to Manage Scheduled Processes
Allow Updates to Scheduled Process Priority
Where to Find Information About HCM Scheduled Processes
FAQs

22 Audit Policies

Audit Policies
Audit Configuration for Business Object Attributes
Overview of Audit Configuration
Impersonation Audit
How You Audit Talent Management Business Objects
Audit Payroll Business Objects

23 Applications Core Configuration

Import Flexfields, Lookups, or Profile Values Using Web Services
Define Lookups
Oracle Fusion Cloud HCM
Using Common Features for HCM
FAQs for Define Lookups
Manage Messages
Define Document Sequences
Define Profile Options
Define Attachments
FAQs for Define Attachments

24 Trees Setup

Overview of Trees
Manage Tree Structures
Manage Tree Labels
Manage Trees and Tree Versions

25 HCM Flexfields Setup

Overview of Flexfields
Flexfield Components

- Overview of Flexfield Configuration
- Flexfields at Runtime
- Modify Flexfields Using Page Composer
- How Flexfields Work with Oracle Application Cloud Architecture
- Flexfield Management
- FAQs for Flexfield Management
- Flexfield Deployment
- Manage Value Sets
- FAQs for Manage Value Sets

26 HCM Flexfields Maintenance

- Manage Descriptive Flexfields
- Manage Extensible Flexfields
- FAQs for Manage Extensible Flexfields
- Manage Key Flexfields

27 Oracle Fusion Applications Mobile App

- Oracle Fusion Applications Mobile App
- Configure the Oracle Fusion Applications Mobile App
- FAQs for Oracle Fusion Applications Mobile App
- Oracle Fusion Cloud HCM
- Using Common Features for HCM

28 Alerts Composer

- Overview
- Define Alert Notifications
- Process Alert Notifications
- Configure Resource Alerts
- Configure Event Alerts
- Resolve Alert Run Errors
- Purge Alerts

29 HCM Events

- Overview

Define HCM Event Conditions

30 HR Help Desk Classic Configuration

HR Help Desk Classic Documentation

31 Eligibility Profiles

How Eligibility Works With Other Objects

Derived Factors

Examples of Derived Factors

Options for Using Age to Determine Eligibility

User-Defined Criteria

Examples of User-Defined Criteria

Example of Using Range of Scheduled Hours

Eligibility Profiles

Single or Multiple Eligibility Profiles

Examples of Eligibility Profiles

Create a Participant Eligibility Profile

32 Predictive Models for HCM

Guidelines for Managing Predictive Models

33 Process Configuration

Payroll Process Configuration Groups

Payroll Process Configuration Parameters

Oracle Fusion Cloud HCM

Using Common Features for HCM

Parallel Processing Parameters

Logging Processing Parameters

34 Country Extensions and Address Rules

Change Address Style and Address Validation Settings

Select Country Extensions

35 Elements, Balances, and Formulas Task List

Define Elements, Balances, and Formulas
Overview of Implementing Payroll Relationship
Overview of Payroll Employment Model
Payroll Legislative Data
Configure Legislations
How Legislations are Edited
Overview of Object Groups
FAQs for Elements, Balances, and Formulas Task List

36 Organization Payment Methods

How Bank, Branch, and Account Components Work Together
Bank Info for Personal Payment Methods
Organization Payment Methods Overview
Prenotifications
Payment Sources in Organization Payment Methods Setup Examples

37 Payroll Definitions

Payroll Definitions
Overview of Payroll Definitions
Create Payroll Definitions
FAQs for Manage Payroll Definitions

38 Payroll Elements

How Payroll Elements Hold Information for Multiple Features
Overview of Payroll Elements
Payroll Element Input Values
Employment Level Options for Payroll Elements
Oracle Fusion Cloud HCM
Using Common Features for HCM
Maintain Elements
Element Eligibility
Using Element Templates
FAQs for Manage Payroll Elements

39 Fast Formulas

Overview of Using Formulas

Example of Writing a Fast Formula Using Formula Text

Example of Writing a Fast Formula Using Expression Editor

Formula Compilation Errors

Formula Execution Errors

FAQs for Fast Formulas

40 Rate Definitions

Overview of Rate Definitions

Options to Configure Rate Definitions

Rate Contributors for Derived Rates

Configure Elements Used by Rate Definitions

Create Rate Definitions for Leave

Create a Rate Definition for Basic Salary

Create Rate Definitions for Overall Salary

Generate HCM Rates

Rates Defined by Formula

Rates Used to Calculate Absences in Payroll

FAQs for Rate Definitions

41 Values Defined by Criteria

Calculate Values Defined by Criteria

Overview of Values Defined by Criteria

Pay Bonuses at Different Rates

Limit Pension Contributions

FAQ for Values Defined by Criteria

42 Base Pay

Overview of Base Pay Configuration

Salary Basis Options for Determining Salary Amount

Oracle Fusion Cloud HCM

Using Common Features for HCM

Rounding Rules, Salary Amounts, and Decimal Places to Display

- Salary Range Violation Behavior for Proposed Salaries
- How You Store the Salary Amount and Pass It to Payroll for Processing
- How You Enable Salary Itemization Using Incremental Components
- Basic Process to Default Salary Amounts from Grade Ladder Rates
- How You Validate Salary Changes with the Grade Range
- How Salary Metrics Are Calculated
- How Many Salary Bases to Create
- Periodicity Conversion
- Examples of Annual Salary and Annualized Full-Time Salary Calculations
- FAQs
- Using Base Pay

43 Individual Compensation Plans

- Overview of Individual Compensation
- Plan Access Restrictions
- Individual Compensation Plan and Option Visibility
- Spot Bonus and Stock Grant Plan Configuration
- Car Allowance Plan Configuration
- Charity or Savings Contribution Plan Configuration
- How You Let People Submit Personal Contributions When Earlier Contributions Are Pending Approval
- How You Let Managers Track Off-Cycle and On-Cycle Compensation Against a Budget
- FAQs
- Using Individual Compensation

44 Personal Contributions

- Overview of Personal Compensation Information and Contribution Management
- View My Compensation Information

45 Compensation History

- Compensation History Categories
- How You Set Up the Other Compensation and Recurring Payments Summary Data for Compensation History
- Manage Stock Grants in the Integrated Workbook
- Set Up Desktop Integration for Excel
- Guidelines for Using Desktop Integrated Excel Workbooks
- Troubleshoot Desktop Integration for Excel

Oracle Fusion Cloud HCM
Using Common Features for HCM
FAQs

46 Other Setup and Maintenance Tasks

Set Up the Mapping Service for Contextual Addresses
Home Page Setup
Set Privacy Statement URL
Guidelines for Setting Up General Troubleshooting
Set Up the Worklist Region on My Dashboard
Deep Links

47 Moving Common Reference Objects

Overview of Moving Common Reference Objects
Business Objects for Moving Common Reference Objects
Guidelines for Moving Related Common Reference Objects
Guidelines for Moving Common Reference Objects Using the Seed Data Framework
